7. LEAD

General

7.1 Lead competitions shall:

- A) take place on purpose-designed, artificial climbing walls having a minimum height of 12 metres, climbed with the competitor belayed from below using a Single Rope and secured by clipping the rope to a series of Protection Points, and permitting the construction of routes:
 - 1) with a minimum length of 15 metres;
 - 2) with and a minimum width of three (3) metres (unless a specific exemption is agreed by the Jury President).
- B) be organised with:
 - 1) A Qualification round consisting of two (2) non-identical routes for each Starting Group, attempted after demonstration; and
 - 2) A Final (and/or Semi-Final) round(s) consisting of a single route for each Category, attempted without demonstration,

in exceptional circumstances the Jury President may cancel either the Semi-Final or Final round of the competition.

7.2 Design of routes:

- A) Each route shall be designed:
 - 1) to limit the risk that a fall may injure the competitor or any third party, or obstruct any other competitor;
 - 2) without any downward jumps.
- B) The Jury President may authorise:
 - 1) the climbing rope pre-fixed to the one or more Protection Points; and
 - 2) use of a “spotter” to provide additional security for the lower part of the route,but wherever possible the design of the route should make such precautions unnecessary.

Safety

7.3 The Jury President:

- A) together with the IFSC Judge and the Chief Routesetter, shall inspect each route prior to the start of each round. The Chief Routesetter may rule that a Protection Point must for reasons of safety be clipped from a particular hold (a “**Safety Hold**”) or earlier, in which case such hold(s) and the relevant Protection Point(s) shall be clearly marked with a blue cross and pointed out during the route observation.
- B) shall decide whether the climbing rope should be replaced at any time during the competition.

7.4 Each competitor shall wear a harness. The Jury President shall not permit a competitor to start if they reasonably believe that a competitor’s harness is unsafe.

 - 2) the climbing rope is connected to the competitor’s harness using a “Figure 8” knot plus a “safety knot”; and
 - 3) the climbing rope is coiled or arranged in a manner ready for immediate and proper use;
- C) during any attempt on a route, shall pay attention to the competitor to ensure that there is an appropriate amount of slack in the climbing rope at all times, such that:
 - 1) the competitor is not hindered in any way by the rope being either too tight or too loose;
 - 2) any fall is stopped in a dynamic and safe manner; and
 - 3) the competitor is safely lowered to the ground.

Starting orders and quotas

7.6 The qualification round may be organised with one (1) or two (2) Starting Groups for each Category:

- A) the number of Starting Groups shall be determined as follow:

7.8 The starting order:

- A) within each Starting Group in Qualification shall be determined as follow:
 - 1) for the first route, by random selection; and
 - 2) for the second route, in the same order of the first route but with a stagger of 50%;

starting order shall be:

- 1) where the tied competitors each have a World Ranking, in descending order of their World Ranking, i.e. highest ranked starts last;
- 2) where the tied competitors are each unranked or have the same World Ranking, randomised; and
- 3) where competitor(s) having a World Ranking and unranked competitor(s) are tied, the unranked competitor shall start first, and in each case shall be published in an Official Start List.

Competition procedure

7.9 The Semi-Final and Final rounds of lead competitions shall be conducted under Isolation Conditions. Competitors eligible to compete in the Semi-Final or Final rounds of the competition must report to the Isolation Zone by the time stated on the Official Start List for that round, competitors who have not reported to the Isolation Zone or who are not present in the Isolation Zone at such time will not be eligible to start the round.

- A) of not less than 50 minutes between the completion of a competitor's attempt on their first qualification route and commencing their second qualification route; and
- B) where consecutive rounds of the competition take place on the same day, of two (2) hours between the time when the last competitor finishes the first round and the closing of the Isolation Zone for the following round.

7.11 Each competitor shall start their attempt on any route in the order set out on the relevant Official Start List. If a competitor is unable to start at the relevant time, no rescheduling shall be permitted.

7.12 In any round where the number of starters is greater than 22:

- A) the holds on each route shall be cleaned at intervals evenly distributed during the round. The cleaning interval should not be greater than 20 and shall not exceed 22.
- B) the cleaning schedule shall be marked on the Official Starting List.

Observation procedure

7.14 Observation:

- A) each Qualification route shall be demonstrated by forerunners, either:
 - 1) on a video recording continuously played back in the Warm-Up Area, starting not later than 60 minutes before the scheduled start of the round; or
 - 2) where video recordings are not possible, making a live demonstration not less than 30 minutes before the attempt of the first competitor.
- B) Semi-Final and Final rounds shall be preceded by a six (6) minute collective observation period for competitors.
 - 1) During this period, competitors may:
 - a) touch (only) the first holds on the route without leaving the ground.
 - b) use binoculars to observe the route;
 - c) make hand-drawn sketches and notes,but shall not use any recording equipment.
 - 2) At the end of this period, competitors shall return to the Isolation Zone or to a Transit Zone as directed by the IFSC Officials.

Climbing procedure

- 7.15 The fixed climbing period for each route shall be six (6) minutes. Each competitor may make one (1) attempt on any route, other than where supplementary attempts are permitted following an Appeal or Technical Incident.

- 7.17 A competitor's attempt shall be deemed to have:
 - A) Started, and measurement of the climbing time shall start, when every part of the competitor's body has left the ground. For the avoidance of doubt, the route judge has discretion to determine whether a competitor is starting or adjusting their position prior to starting. During their attempt, competitors:
 - 1) are not permitted to clean holds; and
 - 2) must clip the Protection Points in sequence, provided that:

- a) the competitor may un-clip and re-clip the last clipped Protection Point at any time; and
- b) the competitor may correct a “Z-Clip” by un-clipping and re-clipping any of the Karabiners involved, provided that after correction all Protection Points must be clipped.

B) Finished when:

- 2) the competitor has:
 - a) exceeded the fixed climbing period for the route;
 - b) returned to the ground after starting the route.

B) may order that a competitor’s attempt be terminated if:

- 1) the competitor is no longer in a Legitimate Position; or
- 2) a Technical Incident has occurred.

Judging and scoring

7.20 A diagram of each route (the “Topo”), marking the scoring value for each handhold on the route as determined by the Chief Routesetter (in consultation with the IFSC Judge):

- A) shall be prepared before the start of each round of the competition; and
- B) in respect of the Semi-Final and Final routes, should be made available to relevant Team Officials as soon as practical, but not prior to the observation period for the relevant route.

7.21 Each route shall be judged by at least one (1) National Judge assisted by a Time Keeper, who shall record for each competitor:

- A) their climbing time to the nearest (lower) second;

Keep
Climbing

INTERNATIONAL FEDERATION OF SPORT CLIMBING
www.ifsc-climbing.org

- B) their achieved score, which shall be either:
- 1) "TOP", where the competitor has:
 - a) clipped the final Protection Point on the route within the fixed climbing period; and
 - b) remained in a Legitimate Position throughout their attempt.
 - 2) the scoring value on the Topo for the last hold either Controlled or Used by the competitor:
 - a) whilst in a Legitimate Position; and/or
 - b) prior to their:
 - i) attempt having been terminated;
 - ii) falling; or
 - iii) exceeding the fixed climbing period, where the scoring value for Using a hold (designated by the postfix "+") shall be better than that for Controlling the same hold.

7.22 Where a competitor Controls/Uses a hold not marked on the Topo, the IFSC Judge and Chief Routesetter shall determine what scoring value should be assigned to this new hold. For the avoidance of doubt, this value may be the same as an existing hold or some new value.

Ranking

7.23 Ranking on each route:

- A) each competitor attempting the route shall be ranked using the following order:
- 1) all competitors scored as TOP;
 - 2) all other competitors in descending order of the score awarded to that competitor,
- B) any competitor who fails to start a route shall be ranked last on that route.

7.24 Qualification Ranking:

- A) each competitor participating in the Qualification round shall be awarded Ranking Points for each Qualification route as follows:
- 1) where the competitor has a unique ranking on the route, equal to that ranking; or
 - 2) where two or more competitors are tied on the route, equal to the average ranking of

the tied competitors.

- B) the ranking of competitors within their Starting Group shall be made in ascending order of the Total Points awarded to each competitor (i.e. lower Total Points is better), calculated according to the following formula:

$$TP = \sqrt{P1 * P2}$$

where:

TP = Total Points

P1 = Points on first Qualification route.

P2 = Points on second Qualification route.

- C) for the avoidance of doubt, a competitor who fails to start both Qualification routes shall not be ranked; and
- D) points data presented on the Official Results shall be presented to two (2) decimal places.

7.25 Semi-final & Final rankings.

- A) if following the completion of any Semi-Final round any competitors are tied following the ranking in Article 7.24, their relative ranking shall be determined by count-back to their Qualification ranking (unless the Qualification round was held with two Starting Groups).
- B) if following the completion of the Final round, any competitors are tied following the ranking in Article 7.24, the relative ranking of these competitors shall be determined:
 - 1) by count-back to their rankings from the preceding round;
 - 2) if following count-back, any competitors are tied in joint first, second or third place, these places shall be determined by the climbing time for each competitor (lower times are better).

7.26 The General Ranking shall be determined on the following basis:

- A) competitors having a Final ranking, in that order; and
- B) where applicable, competitors having a Semi-Final ranking, in that order; and
- C) competitors having only a Qualification ranking, in that order, provided that where the Qualification round takes place with two Starting Groups, their General Ranking shall be determined by merging the rankings from each group, treating competitors having equal rankings between the two groups as tied.

Technical Incidents and Appeals

- 7.27 Only Official Video Recordings, and at the discretion of the Jury President any official IFSC broadcast video recording, shall be used for the purposes of determining Technical Incidents and Appeals. The Official Video Recordings must as a minimum record:

 - B) all Protection Points on the route (including the Top);
 - C) any demarcations marked on the Climbing Surface.
- 7.28 If a competitor, a Team Official, belayer, or route judge considers that a Technical Incident has occurred, they must notify the IFSC Judge immediately. The IFSC Judge, if necessary in consultation with an IFSC Routesetter, shall determine whether a Technical Incident has occurred. If the IFSC Judge determines that a Technical Incident has occurred:
- A) which has afforded the competitor an unfair advantage, the IFSC Judge may either:
 - 1) terminate the attempt; or
 - 2) allow the competitor to continue climbing with the result subject to review (and in this case no further attempt shall be permitted if the Technical Incident is subsequently confirmed);
 - B) which has afforded the competitor a disadvantage, and the competitor:
 - 1) is not in a Legitimate Position, the IFSC Judge shall terminate the attempt;
 - 2) is in a Legitimate Position, the IFSC Judge shall offer the competitor the opportunity to continue with their attempt or to have the attempt terminated. If the competitor elects to continue their attempt, the Technical Incident shall be deemed remedied and no subsequent claim may be made for a Technical Incident.
- 7.29 Where a competitor has fallen or attempt has been terminated as the direct result of an agreed Technical Incident,
- A) they shall be escorted to a separate Transit with access to Warm-Up facilities to await the determination of the Technical Incident and for the duration of any subsequent recuperation period. The competitor shall not be permitted to communicate with any person other than IFSC Officials and the Event Organiser's staff during this period; and
 - B) the Jury President should:
 - 1) agree a recuperation period with the competitor, nominally calculated as one (1) minute for each handhold used prior to the Technical Incident, with a maximum of 20 minutes;

- 2) schedule the repeat attempt following the agreed recuperation period. All competitors yet to climb shall be informed about this decision,

provided that if the affected competitor is ranked first at the end of the round, they shall not be allowed a new attempt on the route.

7.30 Where, following the occurrence of a Technical Incident, the relevant competitor:

- A) chooses to continue their attempt in the circumstances described in Article 7.28(B)(2), the result of this attempt shall stand;
- B) is afforded a further attempt on the route pursuant to Article 7.29(B), the competitor's result shall be the best result from their attempts on the route.

7.31 An Appeal:

- A) relating to the termination of a competitor's attempt:
 - 1) if made by the relevant competitor, may be made verbally and no Appeal Fee will be required;
 - 2) if made by a Team Official, must be made in writing,and must be made prior to the next competitor starting their attempt. The affected competitor shall be treated as though the subject of a Technical Incident until the Appeal is sentenced.
- B) relating to the scoring or ranking of any competitor, must be made in writing and:
 - 1) in respect of any appeal concerning the Qualification or Semi-Final rounds, within five (5) minutes of the publication of the Official Results; or
 - 2) in respect of the Final round, immediately following the display of the relevant competitor's Provisional Result (or where no Provision Result is displayed, the Official Result),

and where an Appeal is made concerning the scoring of any competitor in relation to a particular hold, the Appeals Jury should review the results of all competitors who have been scored as Controlling or Using that same hold.

 - a) Race 9 will determine places 7 (winner) / 8 (loser)
 - b) Race 10 will determine places 5 (winner) / 6 (loser)
 - a) Race 11 will determine places 3 (winner) / 4 (loser)

 - 1) where the competitor has a unique ranking in the stage, equal to that ranking; or

- B) a Ranking Point Total shall be calculated for each relevant competitor by multiplying together the Ranking Points awarded for each stage.
- C) each competitor shall be ranked in ascending order of the Ranking Point Total (i.e. lower values are better), provided that where any competitors have the same Ranking Point Total, the relative ranking of the tied competitors shall be determined for any round:
